Partner grading for HW5

Your name:

Your partner's name:

Instructions: For each category, write a percentage breakdown of effort for you and your partner. If your contributions were equal for a given category, then write (50-50) for you and your partner, respectively. Each category (row) should have a point summation that totals a value of "100". Reminder: these are to be done IN PRIVATE, and without the consent of your partner.

Please bring the completed sheets **directly to the instructors**, <u>during office hours</u>, or leave them with Marty, our administrative assistant. If you do not turn in this sheet, it will count adversely towards your grade.

	YOU:	**Partner:**
Brainstorming for ideas; "plan of attack" (for both computer code/report)		
Planning/predefining code-writing strategy		
Computer programming		
Testing/debugging		
Written report writing		
Presentation preparation (*for Final Project only*)		
Overall contribution to assignment
