

# **ANNOUNCEMENTS**

## **November 2005**

### **Post your jobs now**

**Registration is now taking place for our Spring 2006 Engineering Career Institute (ECI). ECI is an intensive industrial and job orientation course where students attend pre-employment and industrial-success classes featuring expert speakers from industry.**

**Currently there are 85 students enrolled, and more are registering every day. The number of UB engineering co-op candidate resumes on the website will continue to increase steadily as more students look for employment.**

**Now is the time to post your jobs for qualified UB students.**
