

## Summary of University General Education Requirements

*For Students Entering Fall 2002-Spring 2013*  
*AP Notes are based on the 2012-13 articulation table*

Many required courses for general education are automatically fulfilled for engineering majors by completion of their required technical courses. To review general education in its totality, please see the [University Undergraduate Catalog](#). The remaining general education requirements that students completing an engineering degree need to fulfill are outlined below [with links to the current class schedule pages where you will find possible course offerings/class descriptions](#).

### Writing Skills

Students are required to complete [ENG 101 and ENG 201](#) or [ENG 102](#) (or their [ESL equivalent](#)), as placed, unless exempted by their score on the SAT/ACT or by proper AP or transfer credit. AP credit and transfer credit will trump the SAT/ACT placement when appropriate.

SAT Reading 400-570 = ENG 101 and then 201, 580-720 = ENG 102, 730-800 = Exempt.

ACT English 17-26 = ENG 101 and then 201, 27-31 = ENG 102, 32+ = Exempt.

A student with a score of 4 or 5 on English Language & Comp exam will receive credit for ENG 101 and will thus be placed into ENG 201.
