Math Is Everywhere
Rules and Expectations

There will be approximately 600 students attending the contest on this day. With this many children and adults in an unfamiliar environment, it is extremely important that some expectations be shared and followed.

1.) Please make sure that your bus drops you off at the designated entrance. This has been arranged to prevent traffic problems. Your bus should pick you up at the same place it drops you off.

2.) Registration begins at 9:15 A.M. Please plan to arrive as early as possible. The contest will begin promptly at 9:45 A.M.

3.) Please report directly to your assigned room. Any registration materials will be given to you by the facilitator when you arrive in your assigned room.

4.) One chaperone may escort only one grade level. If you have more than 9 children at any one grade level, you will need one chaperone for each 9 children.

5.) Parents are invited to the presentations and awards at 12:30 P.M. only, unless they are acting as a chaperone for a specific grade level.

6.) Alternates are only allowed if another student is ill.

7.) You are accountable for your student’s medical needs. A first-aid station will be available for emergencies located in the Hospitality room (room 205).

8.) All children must be escorted whenever they leave an assigned room.

9.) Children are responsible for all their belongings. Please encourage them to leave all radios and headsets at home.

10.) No calculators are allowed.

11.) Please bring a sharpened pencil (or two) and eraser to use on the test. Scrap paper will be provided.

12.) Lunch WILL NOT be provided. The children must bring their own.

Please Note:
It is very important that the students know their team number on the day of the competition. They will be using it on all their papers.

- Parents are invited to the Presentations and Awards ONLY! These will begin at 12:30 PM.

- All test questions are to be turned in to the room runner. We have not made any extra copies to give away, so please do not ask for them.

- Your interdisciplinary projects will be available for you to pick up. If you do not pick them up that day, they will be discarded.
