January, 2005

Re: Math Is Everywhere, March 18, 2005, University at Buffalo

Dear Parent/Guardian:

Your child has been selected to be a participant in the Math is Everywhere contest being held at the University at Buffalo on March 18, 2005 from 9:15 AM to 2:00 PM. The 7th and 8th graders will be at the North Science Complex and the 6th graders will be at Knox Hall. Your child will be taking a bus from school to the University at approximately _____ and will be returning to the school no later than ________PM. A late bus will be dropping your child off between _____ and _____. (You will be responsible for picking up your child at the school at _____.)

Enclosed with this letter is a Permission Slip and a Consent for Photographs form that you will need to sign and return to me by March 1, 2005.

On the day of the contest, your child should bring a nutritious snack for the morning break and a bag lunch, including drink (e.g. juice box), for the lunch break. Students should not expect to use the vending machine that day so please make sure the snack and lunch are complete.

You will be notified no later than March 10, 2005 if your child’s team has been selected to present their solution to the interdisciplinary problem. If your child’s team is selected to present their solution, you will be able to attend the presentation which will start at approximately 12:30 PM and stay for the awards assembly at 1:15 PM. If your child is not presenting their team’s solution, you will be able to attend the awards ceremony at 1:15 PM.

If you have any questions, please do not hesitate to contact me at the number below. Thank you for allowing your child to be a part of this educational opportunity.

Sincerely,

Advisor
